

## Media Release

*NRH have established a key collaborative partnership with Momentum Collective to deliver quality wraparound case management and support services for those housed by NRH under the Together Home Program.*

NRH has been delivering all aspects of the program since 2020 having been awarded the contract by the NSW Department of Communities and Justice. The goal of Together Home is to transition people onto a trajectory away from homelessness and into long-term stable housing, while improving participants overall personal wellbeing.

In ensuring continuity of support for clients, enhancing clients' outcomes, and taking hold of the expert skills of a local provider, NRH has engaged Momentum Collective to deliver specialist support services. Working to coordinate and strengthen relationships between the various services involved in a person's support plan, including disability supports, Momentum Collective teams will work alongside Tenancy Managers of NRH to sustain strong tenancies within housing in the Northern Rivers of NSW.

### **NRH CEO Craig Brennan said of the partnership**

"We know that when community-based organisations can work positively and productively together, we can achieve more for the people of our community. Housing is absolutely essential to improving a person's life and to creating a thriving community."

"Our already strong relationship with Momentum Collective will ensure that we are successful in facilitating pathways into longer term housing by meeting the increasing demand for support services from within our current tenant cohort – achieving optimal outcomes for Together Home clients."

### **Momentum Collective CEO Tracey Mackie said of the partnership**

"We firmly believe that every person in Australia, no matter their situation, should have access to a safe and suitable accommodation. Working with NRH, will enable even more individuals to access long-term housing away from homelessness."

Partnering with organisations such as NRH, which share our values and mission, is integral to our approach. This collaboration represents an exciting opportunity to enhance our impact and effectiveness in serving the communities."

NRH is a well-respected not-for-profit organisation that manages and constructs quality, long term, and affordable housing. As the largest local Tier One Community Housing Provider in the Northern Rivers Region, NRH supports local communities from Tweed Heads to Clarence Valley specialising in social housing, affordable housing, temporary housing, disaster response, and property management. Currently NRH manages close to 1,000 properties and over 1,700 tenancies under a variety of housing programs, as well as seven of the temporary accommodation villages.

Momentum Collective is a premier not-for-profit organisation providing comprehensive community services ranging from community housing, disability accommodation and support, mental health and homelessness to family and domestic violence, child family and community services. With a proud 40-year, Momentum Collective's reach extends from Mid North Coast to South East QLD. Last year, Momentum Collective assisted over 5,500 clients and families across the organisational footprint.
